A report on the destinations of Year 12 completers from 2010 in Queensland

Emmaus College - Jimboomba
Authors
The Next Step team, Department of Education and Training

Acknowledgments
The Next Step team gratefully acknowledges the assistance of the members of the Next Step survey reference group and the organisations they represent:
Independent Schools Queensland
Queensland Catholic Education Commission
Education Queensland
Queensland Studies Authority
Queensland University of Technology
Queensland Secondary Principals’ Association
Association of Principals of Catholic Secondary Schools of Queensland
Association of Heads of Independent Schools of Australia (Qld branch)
Department of Education and Training
Office of the Government Statistician
The Next Step team extends sincere thanks to the many thousands of Queensland Year 12 graduates who gave up their time to complete surveys and participate in telephone interviews.
This research is funded by the Queensland Government.

Purpose

The purpose of this report is to inform the school principal and school community of the destinations of students from this school who completed Year 12 in 2010. This is one indicator of the outcomes of schooling.

A school may choose to use this information to:

- Review its senior schooling programs and services, e.g. subject offerings, career advice, links with employers and/or tertiary institutions
- Contribute to its reporting to parents, e.g. through its newsletter, annual reporting documents, website.

This report has been provided to the school and its school system, where this applies. The school may publish this report, if it wishes.

Source of information

This report is based on the findings of the Queensland Government Next Step survey, which targeted all students who completed Year 12 and gained a Senior Statement in 2010, whether they attended a Government, Catholic or independent school, or a TAFE secondary college. The Office of the Government Statistician conducted the survey between 4 April and 16 May 2011, approximately six months after the young people left school. Responses were predominantly collected via computer-assisted telephone interviewing with an online and paper-based survey collected from a small number of students for whom telephone details were not available.

The survey results were compiled and reported on by the Next Step team, Department of Education and Training.

Care should be taken in publicly using figures of less than 3 responses or percentages based on less than 3 responses.

Privacy statement

To protect the privacy of individuals participating in the survey, this report contains summarised information only.

Further information on the survey is available at www.education.qld.gov.au/nextstep. This website includes the statewide and regional reports on the survey findings.
Summary of findings

In 2011, 65.4 per cent of young people who completed their Year 12 at Emmaus College - Jimboomba in 2010 continued in some recognised form of education and training in the year after they left school.

The most common study destination was university (30.8 per cent). The combined VET study destinations accounted for 34.6 per cent of respondents, including 15.4 per cent in campus-based VET programs, with 3.8 per cent of Year 12 completers entering programs at Certificate IV level or higher.

19.2 per cent commenced employment-based training, either as an apprentice (11.5 per cent) or trainee (7.7 per cent).

In addition to the above study destinations, a further 7.7 per cent of respondents from this school deferred a tertiary offer in 2011 (deferrers are shown in Figure 1 in their current destination).

34.6 per cent did not enter post-school education or training, and were either employed (23.1 per cent) or seeking work (11.5 per cent).

There are a range of differences between and within school, regional and statewide destinations. Care should be taken when interpreting comparative data as the findings may relate to groups of different sizes.

Response rate for this school

Table 1

</tbody>
</table>

Table 1 reports the response rate for Emmaus College - Jimboomba. It expresses the number of respondents from this school, as a percentage of all Year 12 completers attending Emmaus College - Jimboomba in 2010.

It has not been possible to ascertain how representative these responses are of all students at this school.

Please note that some survey participants did not provide information for particular survey questions. As a result, the number of responses shown in Table 4 onwards may not reflect the totals reported for the main destinations appearing in Table 3.
Definitions of main destinations

All respondents were categorised into their main destination, be it study or work, as outlined in Table 2. Students (in university or VET) were assigned to the study categories regardless of their labour force status.

* Included in Total VET

Table 3 reports the main destinations of Year 12 completers from this school as numbers and percentages.

### Figure 3: Main destinations of Year 12 completers for Emmaus College - Jimboomba, Logan City SSD, Brisbane SD and Queensland

Figure 3 compares the main destinations of all Year 12 completers for Emmaus College - Jimboomba with those of Logan City SSD, Brisbane SD and all schools statewide. Differences may reflect diversity in the types of students attending different schools, regional variation in labour markets and access to university and VET providers.

Table 8 reports the main destinations of Year 12 completers from this school who achieved a VET in Schools qualification.

Indigenous students

Data on this group of Year 12 completers could not be provided for one of the following reasons:

1. There were no Indigenous respondents from this school.
2. There were insufficient numbers of Indigenous respondents to provide information which guarantees that individual respondents cannot be identified (as required by privacy legislation).
Not in Study

Table 9 reports the main reason for not studying given by Year 12 completers from this school who were not in study or training at the time of the survey.

Not Studying and Not in the Labour Force

Data reporting the main reason for not looking for work of Year 12 completers who were not in study and not in the labour force at the time of the survey, could not be provided for one of the following reasons:

1. There were no respondents to this question from this school.
2. There were insufficient numbers of respondents to provide information which guarantees that individual respondents cannot be identified (as required by privacy legislation).
Further information and feedback

Statewide and Regional reports will be available on the departmental website in September 2011 at [www.education.qld.gov.au/nextstep](http://www.education.qld.gov.au/nextstep)

For queries on this school’s data or to request additional data, contact the Next Step project team at the Department of Education and Training on 3237 9827.
